Introduction

Jeevodaya is a non-profit organization begun in the year 1999 with a passion of helping children who live alone, at and around Train stations, runaway and missing children by providing food, shelter and education. To make Itarsi a child friendly station in 1999 Sr. Clara, Sisters of St. Joseph of Chambéry started Jeevodaya Society. Over the past twenty years, Jeevodaya supported more than twelve thousand children (12,000) offering them a secure and dignified life, vocational training and job placement, by reuniting several with their families and rehabilitating a large number.

In the course of this twenty-year journey, Jeevodaya learned that, if these children are not helped at the right moment, they would end up begging on the streets, used for child labour, get involved in anti-social activities and trafficked for flesh trade. Moreover, they would lose the opportunity of enjoying

their childhood and would be denied developmental opportunities. Thus, Jeevodaya decided to work in ITARSI and started a temporary shelter home for children in need of care and protection in collaboration with West Central Railway Women's Welfare Organization. Jeevodaya also established long term shelters for girls and boys with the support of donors and congregations. Jeevodaya ensures these children are provided education, vocational training, care and affection up to the age of 18 and support of youth beyond 18, through vocational training and higher education.

In 2019, Jeevodaya celebrates its completion of a 20-year journey from the platforms of Itarsi railway station to providing quality, residential facilities for the rescue of children through Child Care Institutions (CCI) and various other related programmes for the holistic rehabilitation of the children.

Case studies

Case Study: 1

Nitin (Name Changed) was from northern part of Madhya Pradesh, where his mother and his younger brother are now living. His father passed away when he was very young. His mother works on a farm belonging to another and his brother studies in a school. Nitin has passed Grade 10 and moved, along with friends, on 17th November, 2018, to Bhopal to work and supplement the family income.

On 6th January, Nitin was rescued by Jeevodaya Railway CHILDLINE, at Itarsi railway station while selling food on the train. He was presented at Child Welfare Committee Hoshangabad which decided to keep him at Jeevodaya Boys' Home for at least three months, for care and protection.

At Sparc, he was given counselling and provided quality care by the house-parents. As per his interest, he was given story books to read. Earlier he had said that he did not want to continue his education, as he wanted to earn money to support his family. But after observing the school-going children, and having spent much time in the library, he realised there is no substitute for education.

He discussed this with the social worker requesting to continue his education through short term courses from which he would learn something useful for his survival till he completed the age of 18. His memory is so sharp that he still remembers his 10 Board Roll number which helped us to download his mark sheet from the website www.mpsos.nic.in. With the help of the address mentioned on the mark sheet, Child Welfare Committee was convinced by the Social Worker that he be transferred to his home district, Rewa, where he could meet his mother and brother. Child welfare Committee Hoshangabad, released his transfer order.

He is aware that he will soon be transferred to his home district. Nowadays, he spends quality time reading books and playing cricket with the children. He remarked that at Jeevodaya Boy's home, it was the first time he got such quality care and growth facilities.
